Subject: Counselling sessions for students with disability

Dear Sir,

Medical students are known to be the victims of tremendous stress and the situation is more difficult for students with disabilities. The Enabling Unit, Equal Opportunity Cell, UCMS, has arranged for a weekly session in psychological counselling for students with physical disabilities. The renowned counselor Ms Abha Khetrarpal (Principal counselor/Founder of "Cross the hurdles") has kindly offered to give some of her own precious time for the purpose.

The students, who would like to avail of this help, should preferably inform the undersigned in advance so that an appointment may be fixed for them on the specific day. This information may be widely oirculated to ensure that the information is received by all the students.

Thanking you,
Sincerely,

Dr Satendra Singh, M.D.
Coordinator, Equal Opportunity Cell
& Assistant Professor of Physiology
